

Francis Daniel V. Austria

Lot 22 ,Casa Del Rio Subdivision,
Highway 77, Talamban ,Cebu City • +63-915-606-9435• austriafancisdaniel@gmail.com

Education

University of San Carlos

Bachelor of Science in Information Technology
GPA: 1.82

Talamban Campus
2023 - 2026

PAREF Springdale School

- Consistent Honor-roll student from Grade 6-12
- Member of the Class Officers Council as Treasurer

J. Solon Drive, Lahug,
Cebu City
2016-2023

University Projects

Mobile App To Do List

Mobile Development Project

- Tech: .NET MAUI, C#, XAML, SQLite, MVVM, RESTful API
- Built a To-Do list app with .NET MAUI that includes user authentication and CRUD task management via RESTful API.

Appointment Schedule System App

Object-Oriented Programming Project

- Tech: Java, NetBeans, OOP (Classes & Inheritance, File Handling, Polymorphism)
- Developed a scheduling system allowing users to log in as admin, client, or manager with role-based access, appointment management, and time organization.

Relay – Social Media Platform Prototype

Systems Integration and Architecture Project

- Tech: .NET MAUI, Firebase Authentication, Firebase Cloud Messaging, Content Moderation API, Figma
- Designed a streamlined web-based social media platform with unique features such as *ping* (like) and *address* (comment). Integrated secure login, real-time notifications, and content moderation for safe engagement.

FitTrack Pro Website

Information Management 2 Project

- Tech: HTML, CSS, JavaScript, SQLite, Firebase, Information Management Concepts
- Created an integrated health and fitness management platform to track activities, monitor progress, and provide personalized recommendations through analytics and data-driven insights.

The Fisherman's Cafe Website

Web Development Project

- Tech: PHP, HTML, CSS, JavaScript, MySQL, XAMPP
- Built a restaurant website that allows customers to browse menus, reserve tables, place food orders, and provide feedback, enhancing online visibility and customer engagement.
